LUNG 3

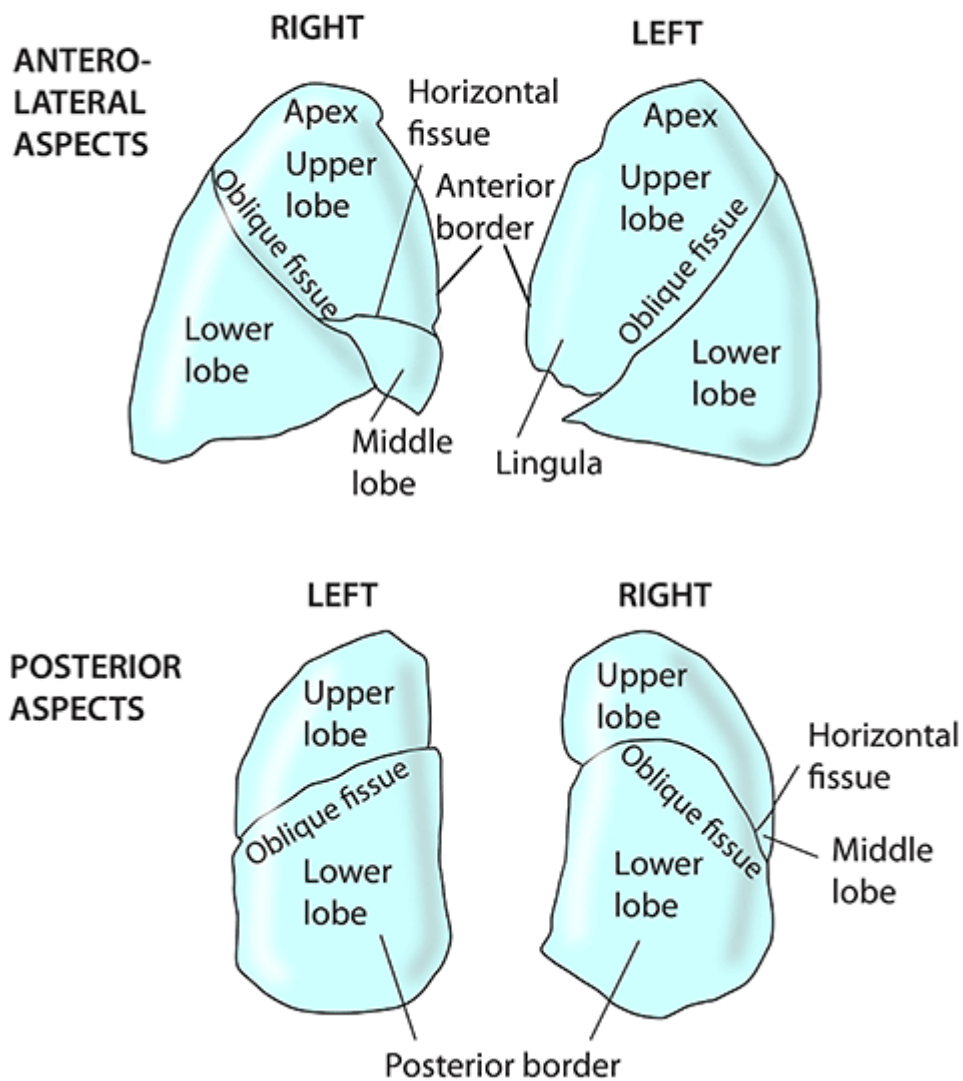

LUNG

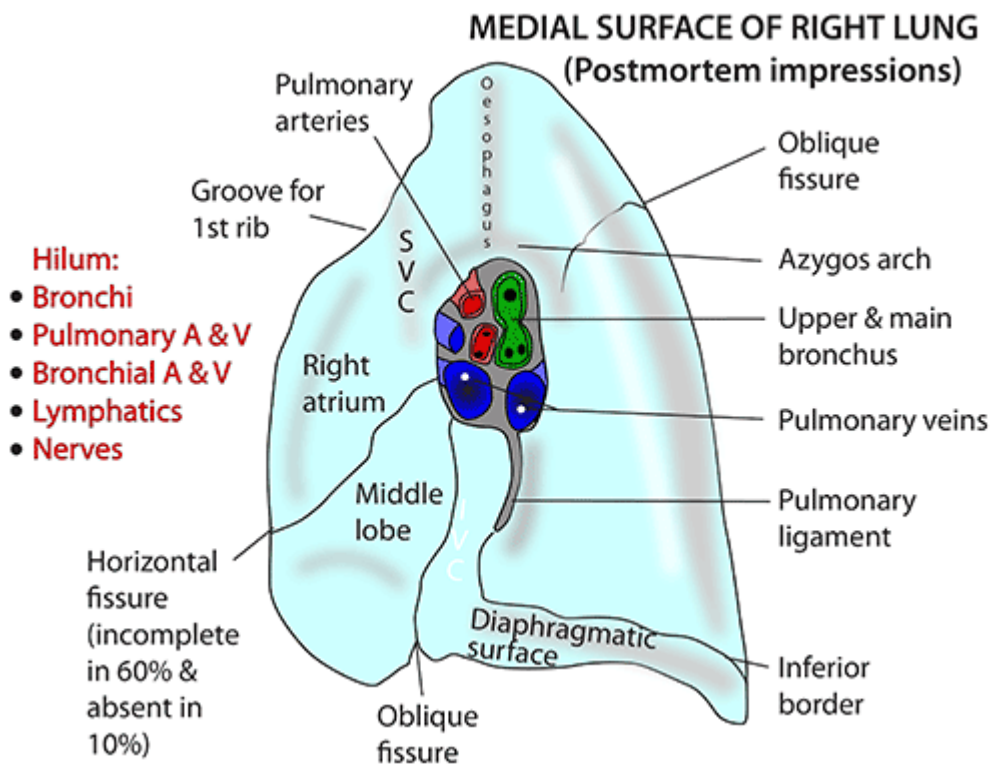

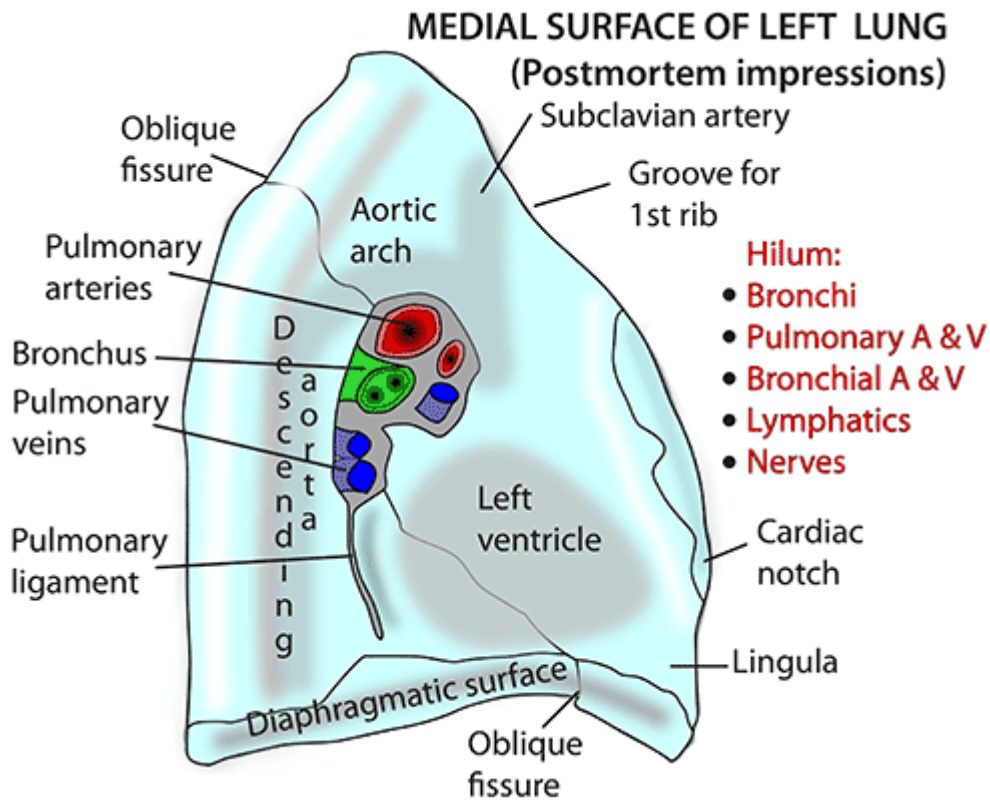

- Pulmo dexter- Right [lung](#)
- Pulmo sinister- Left [lung](#)
- Basis pulmonis - Base of [lung](#)
- Apex pulmonis - Apex of [lung](#)
- Facies costalis- Costal surface
- Pars vertebralis - Vertebral part
- Facies mediastinalis- Mediastinal surface
- Impressio cardiaca- Cardiac impression
- Facies diaphragmatica- Diaphragmatic surface
- Facies interlobaris- Interlobar surface
- Margo anterior- Anterior border
- Incisura cardiaca pulmonis sinistri- Cardiac notch of left [lung](#)
- Margo inferior- Inferior border
- Hilum pulmonis- Hilum of [lung](#)
- Radix pulmonis- Root of [lung](#)
- Lobus superior Superior lobe; upper lobe
- Lingula pulmonis sinistri Lingula of left [lung](#)
- Lobus medius pulmonis dextri Middle lobe of right [lung](#)
- Lobus inferior Inferior lobe; lower lobe
- Fissura obliqua Oblique fissure
- Fissura horizontalis pulmonis dextri Horizontal fissure of right [lung](#)
- Vasa sanguinea intrapulmonalia Intrapulmonary blood vessels

Pulmo dexter	Right lung
Pulmo sinister	Left lung
Basis pulmonis	Base of lung
Apex pulmonis	Apex of lung
Facies costalis	Costal surface
Pars vertebralis	Vertebral part
Facies mediastinalis	Mediastinal surface
Impressio cardiaca	Cardiac impression
Facies diaphragmatica	Diaphragmatic surface
Facies interlobaris	Interlobar surface
Margo anterior	Anterior border
Incisura cardiaca pulmonis sinistri	Cardiac notch of left lung
Margo inferior	Inferior border
Hilum pulmonis	Hilum of lung
Radix pulmonis	Root of lung
Lobus superior	Superior lobe; upper lobe
Lingula pulmonis sinistri	Lingula of left lung
Lobus medius pulmonis dextri	Middle lobe of right lung
Lobus inferior	Inferior lobe; lower lobe
Fissura obliqua	Oblique fissure
Fissura horizontalis pulmonis dextri	Horizontal fissure of right lung

Vasa sanguinea intrapulmonalia	Intrapulmonary blood vessels
Segmenta bronchopulmonalia	Bronchopulmonary segments
Lobus superior pulmonis dextri	Superior lobe of right lung
Segmentum apicale [S I]	Apical segment [S I]
Segmentum posterius [S II]	Posterior segment [S II]
Segmentum anterius [S III]	Anterior segment [S III]
Lobus medius pulmonis dextri	Middle lobe of right lung
Segmentum laterale [S IV]	Lateral segment [S IV]
Segmentum mediale [S V]	Medial segment [S V]
Lobus inferior pulmonis dextri	Inferior lobe of right lung
Segmentum superius [S VI]	Superior segment [S VI]
Segmentum basale mediale; segmentum cardiacum [S VII]	Medial basal segment [S VII]
Segmentum basale anterius [S VIII]	Anterior basal segment [S VIII]
Segmentum basale laterale [S IX]	Lateral basal segment [S IX]
Segmentum basale posterius [S X]	Posterior basal segment [S X]
Lobus superior pulmonis sinistri	Superior lobe of left lung
Segmentum apicoposterius [S I+II]	Apicoposterior segment [S I+II]
Segmentum anterius [S III]	Anterior segment [S III]
Segmentum lingulare superius [S IV]	Superior lingular segment [S IV]
Segmentum lingulare inferius [S V]	Inferior lingular segment [S V]
Lobus inferior pulmonis sinistri	Inferior lobe of left lung
Segmentum superius [S VI]	Superior segment [S VI]
Segmentum basale mediale; segmentum cardiacum [S VII]	Medial basal segment [S VII]
Segmentum basale anterius [S VIII]	Anterior basal segment [S VIII]
Segmentum basale laterale [S IX]	Lateral basal segment [S IX]
Segmentum basale posterius [S X]	Posterior basal segment [S X]
Bronchioli	Bronchioles
Lobulus	Lobule

LATERAL & POSTERIOR SURFACES OF LUNGS
