CORPOREAL ACTIONS

- the whole **body** being in a state
 - sleep
 - awake
- VEGETATIVE ACTIONS
 - **Vegetative muscle**
 - More principal;
 - Of the **Heart** originally, and from thence of the Bloud in the Arteries: to which may **be** adjoyned the Motion of the Guts.
 - PULSE, throb, beat.
 - PERISTALTIC.
 - Of the Lungs, || more general, or the **Sound** made by some impediment of breathing through the **Nose**.
 - RESPIRATION, breathing, fetch wind, draw breath, take breath.
 - SNORTING, snoring.
- COGNITIVE MOTIVATED ACTIONS
 - **Cognitive Muscle**
 - Less principal; of the
 - **Mouth** and Thorax; by the forcible || emission, or attraction of Breath.
 - BLOWING, puffing, blast.
 - SVCTION, supping■ sip, soop, drawing, emulgent, snuff **up**.
 - Diaphragm or **Stomach**; agitated by a convulsive Motion || upwards, or downwards.
 - SOBBING.
 - HICCOUGH, Yex.
 - laws; by a
 - Repeated Motion in the || first, or second preparation of **Food**.
 - MASTICATION, chewing, champ, gnawing, browsing, mumble.
 - RUMINATION, chewing the cud.
 - Single Motion; to which may **be** annexed that Motion of the musculous parts of the **body**, caused by some flatulent vapours.
 - YAWNING, gape, Oscitation, gasp.
 - PANDICULATION, retching, stretching.
 - **Tongue**, or Throat.
 - LICKING, lap, slap.
 - SWALLOWING, gulp, ingurgitate, devour, pouch, gobble.
- VEGETATIVE BODIES UNDER THE CONTROL OF COGNITION
 - Purgation
 - Vaporous and windy; from the
 - Head.
 - SNEEZING, neeze, Sternutation.
- **Stomach** upwards, or Guts downwards.
- BELCHING, parbreak, breaking wind upwards.
- FARTING, breaking wind downwards, Scape.
- Serous and watry; from the
- Whole habit of the **body**.
- SWEATING, Exudation, diaphoretic, sudorific, all in a **water**.

- TRANSPIRATION, breathing, Evaporation, Effluvium, Perspiration.
- Head.
- SPITTING, Salivate•ion, Spittle, bespit, spawl, bespawl, slaver, drivel, Flux.
- BLOWING THE NOSE, mucous, Snivel, Snot.
- Lungs and Chest.
- COUGHING.
- EXCRETION, haking, hemming.
- Greater or lesser Veins.
- BLEEDING, opening a Vein, Phlebotomy, let blood, draw blood, Lancet.
- SCARIFYING, lance.
- Skin.
- BLISTERING, Vesication, caustic.
- CUPPING.
- Bladder.
- URINING, piss, make [water](#), hold ones [water](#), stale, diuretic, Diabetes, Dysury.
- Consistent and gross parts; from the || [Stomach](#) upwards, or the Guts downwards.
- VOMITING, spewing, casting, disgorging, puke, regurgitate, retching.
- DUNGING, purging by siege, going to stool, scour, Draught, Lask, laxative, Loosness, muting, soluble, solutive, Muck, Ordure, Siege, Stool, Sir-reverence, excrement, easment, ease the belly, lakes, Privy, House of office..
- Physiological process
 - [Heart](#) beat
 - Contraction or systole
 - Relaxation or diastole
 - Breathing
 - Lungs Expansion
 - Lungs Compression
 - Visceral Contractions
 - peristalsis
 - Micturition
- Biochemical Process '
 - Absorption
 - Recognition
 - Transportation
 - Division
 - Respiration
 - Oxidation
