# Elements

- More simple; whether
  - Real, [such](#) as [do](#) actually exist.
    - Lighter;
      - FIRE. I.
      - AIR. II.
    - Heavier;
      - WATER. III.
      - EARTH. IV.
  - APPARENT. V.
- More mixed; denoting various modes of [Air](#).
  - WEATHER. VI.

## FIRE. I.

- [FIRE](#)

## AIR. II.

- [AIR](#)

## WATER. III.

- [WATER. III.](#)

## EARTH. IV.

- [EARTH. IV.](#)

The placing of that Pair, Flame, Spark under the first Difference;\* and that other Pair, Drop, Bubble, under the third Difference; with those other Species under the fourth Difference, must [be](#) granted to [be](#) besides the common Theory; But there is this account to [be](#) given of it, That there seems to [be](#) the like kind of resemblance and affinity in these to their Genus'es, as there is in some of the other Species, which are commonly received.

## APPARENT. V.

V. APPEARING METEORS are [such](#) as only seem to [be](#), and have not any real existence.\*

These are either of a

- Determined Shape;
  - Part of a round.
    - RAINBOW, Iris.
  - Round wholly;
    - Encompassing any of the Planets or bigger Starrs.
      - HALO.
    - Representing || the [Sun](#), or the [Moon](#).
      - PARELIUS.
      - PARASELENE.
  - Straight.
    - VIRGAE, Streaks, Rays of [Light](#).
- Vndetermined Shape, being a seeming Hollowness or Opening in the Heavens
  - CHASM, Gaping.

## WEATHER. VI.

- [weather](#)

VI. By WEATHER is meant the state and condition of the [Air](#); the several kinds of which, not sufficiently expressible by any words in the precedent [Table](#), are considered either as to

- The [Air](#)'s || Transparency, or Opacity.
  - CLEARNESS, Open, serene.
  - HAZINESS.
- The various Meteors wherewith it may [be](#) affected; whether
  - Rain,
    - Simply and by it self; either
      - Drops, || little, or great.
        - MIZLING, Drizzle.
        - SHOWR.
      - Stream.
        - SPOUT.
    - Mixed, || with violent Winds, or with Snow.
      - STORM.
      - SLEET.
  - Winde, considered according to its
    - Quality; whether excessively cold, or mixed with noxious va|pours.
      - BLASTING.
    - Quantity; being either
      - Little, or not sufficient to ruffle the waters.
        - GENTLE GALE, Breez.
        - CALM, Still, Halcyon.
      - Much; whether equal, or unequal.
        - STIFF GALE, High wind.
        - TEMPEST, Storm, Flaw, blustering, boisterous.
