HUMAN BIOLOGY

- organic verse needed for survival of [life](#) or towards
 - [health verse](#)
 - [breath](#)
 - [food](#)
 - [minerals](#)
- organic verse caused by the accidents , accidental organic verse
 - [disease verse](#)
- accidental organic verse leading to the stop of [life](#) , there after the
 - [death verse](#)
 - [death](#) changes , [death](#) cycle , recycling of [body](#) matter
- towards the creation of new
 - [life verse](#)
 - [life evolution](#)
 - [life transmission](#)
- The basic structural versions of [life](#)
 - [living creatures](#)
- biomachines , organic machines , organic tools , organic instruments , mortal instruments
 - organic computers
- [life](#) matter , organic matter , organs , organelles , biological parts , organic structures , organic materials
- [Anatomy](#)

STUDY AT DIFFERENT LEVELS

- [Human body](#)
 - [human cytology](#)
 - [human histology](#)
 - [Histology and Histological Techniques](#)
 - [Human organology and organization](#)

GENERAL STUDY

- Study of physical form , locations and landmarks of [human body](#) structures
 - [cadaveric regional and surface anatomy](#)
- Study of [life](#) signs of [human body](#)
 - [Anatomia superficialis et viva \(Surface and living Anatomy\)](#)
- study of functions
 - [human physiology](#)
- study of biomolecular structure and process at the whole [body](#) level
 - [Human biochemistry](#)
 - [Molecular biology](#)
 - [Genetics](#)
- Study of ions and the electrical properties of biological cells and tissues
 - [Study of Bioelectricity](#)

- Study of the materialistic communication and communication systems of [human body](#)
 - [Human biocommunication](#)
- study of the structure, function and motion of the mechanical aspects of biological systems
 - [Biomechanics](#)
