Light and deep pressure

Vibration

Itch

Nociception

- [Pain](#)
- Headache
- Stomachache
- Chest [pain](#)
- Backpain
- [Eye pain](#)
- [Ear pain](#) (otalgia)
- arthralgia
- myalgia
- Painful urination
- proctalgia fugax
- painful sexual intercourse
- pelvic [pain](#)
- pleuritic chest [pain](#)
- shoulder [pain](#)
- dysphagia
- odynophagia
- Intermittent claudication
- [leg pain](#)
- Cardialgia
- Neck [pain](#)

Thermoception

Haptic perception

Size , shape , material

Vision

Visual sensation

Visual Perception

Disorders of visual perception are visual hallucinations in which the [brain](#) wrongly interprets the image.

Sensory modality

[Light](#) is the sensory or stimulus modality for vision.

Chemoreception

Taste sensation

Gustatory hallucinations

- Sweet
- Bitter

Smell

Audioception

Speech / language perception

Stretch sensation

Proprioception

Muscle weakness

SIGN	MANTRAKSHAR	ETYMOLOGY	DEFINITION
asthenia		from ἀ- (a-, “not, un-”) + σθένος (sthénos, “strength”).	
Tired
