NATURAL SCIENCES 3

NATURAL DIMENSIONS 3

NATURAL SCIENCES

- natural dimensions are concerned with either physicality or naturality which exists physically or naturally in the universe and the world.

NATURAL DIMENSIONS

- INDEFINITE EXISTENCE , levels of existence , [Indefinite dimensions](#)
 - [0d spaces](#) , 0 dimensional matter does not exist
 - indefinite origin of universe , theory of everything , smallest [particle](#)
 - [hole](#) , [1D hollow line](#) , [1d matter does not exist](#)
 - approximation would [be](#) strings and waves
 - [2d space](#) , planar materialistic [object](#) , land , planar sky
 - approximation would [be](#) a substance with thickness of one atom layer
 - [3d space](#) , three dimensional world , three dimensional universe , three dimensional existence , [Reality](#) , [Physical realm](#)
 - [3d matter](#)
 - [3d life](#)
 - [3d art](#)
 - [outer space](#)
 - containing objects generally called [CELESTIAL. II.](#)
