Oesophagus

features

Curvatures

Constrictions

Relations

Anteriorly

- Trachea
- bronchus
- right pulmonary artery
- Pericardium
- left atrium
- diaphragm

Posteriorly

- Vertebral Column
- Right Posterior Intercostal Arteries
- Thoracic Duct
- Azygous vein
- Thoracic Aorta
- Right pleural Recess

Left Side

Aortic Arch Left subclavian artery Thoracic Duct Left Lung and pleura Left recurrent laryngeal nerve

posterior mediastinum

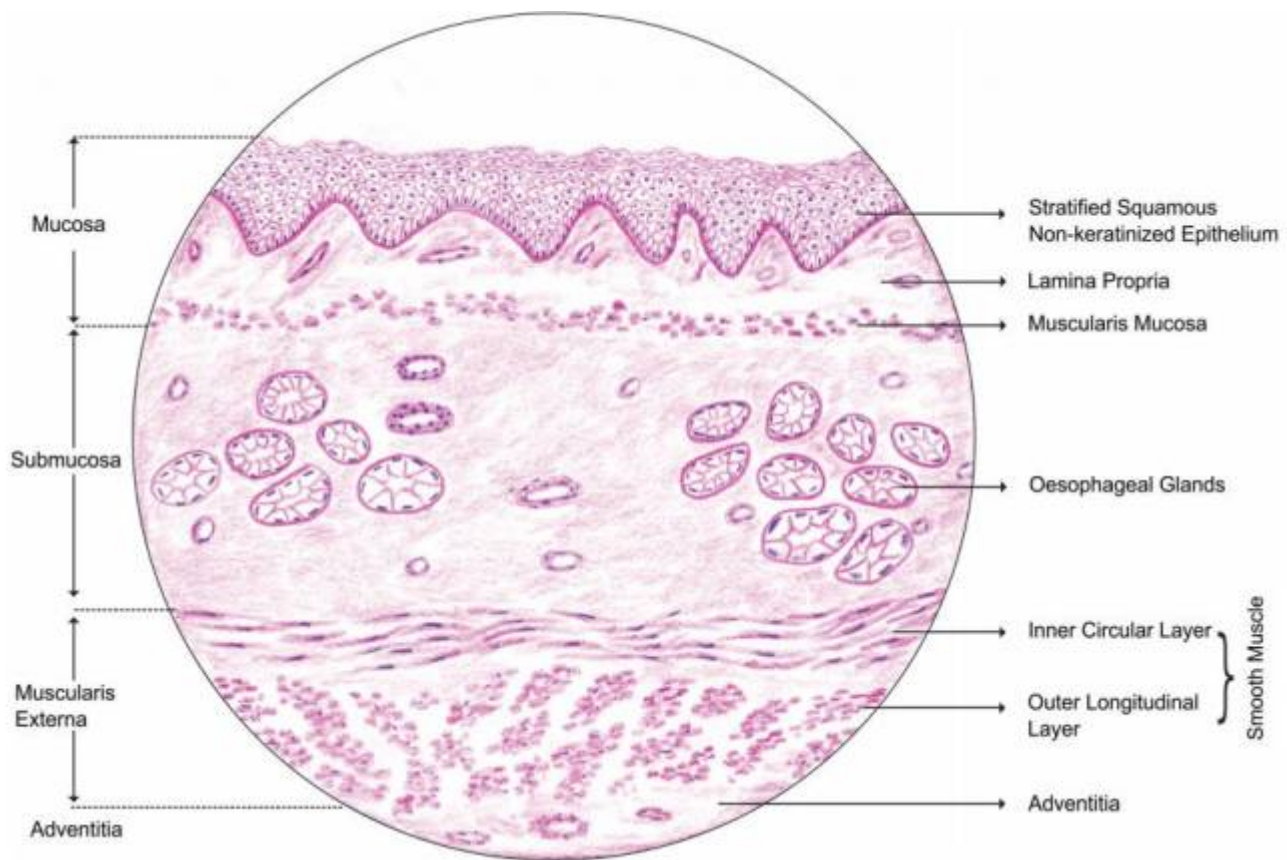

- Descending thoracic aorta
- left lung and mediastinal pleura

Right Side

- right lung and pleura
- Azygous vein
- Right Vagus

Arterial and Venous supply

Microscopic Anatomy
