OMNI THEORY .....

3

# OMNI THEORY

- [Theory of categories](#) , concerning arrangements , organizations and hierarchy
  - [Non existent materialism](#) , Spiritual and imaginative theory , Eliminative materialism.
    - [soul and magic theory](#) , soul is spiritual or fictional
    - [Imaginative mind](#) , [mind](#) having spiritual or fictional knowledge, [mind](#) is connected to soul, Mental imagery ( fictional imagination ).
    - Spirit is the animating [force](#).
    - [Spiritual communication](#) , Word of god/spirit are considered to [be](#) the source or origin of [language](#) and knowledge
  - [Immaterialism](#) , direct and indirect immaterial reality theory , Paper and symbol theory.
    - [humanity](#) is to [Artificial intelligence](#)
      - [human](#) abilities versus machine or robotic abilities
      - humanity and artificial humanity
    - [psychology](#) is to [paper theory](#)
      - mental forms and information vs paper forms , information
    - The [force](#) to reason and [evaluation](#) , both depend on logic
      - logic is the evaluating [force](#) , whether mental which is [brain](#) or paper which can [be](#) computer logic.
    - [Idealistic or human communication](#) , Words of [Mind](#) or ancestral beings are considered to [be](#) the source , naming or descriptions whether definite or indefinite.
      - telecommunications or artificial communications
  - [Materialism theory](#) , Materialism
    - [biology](#) is to [Machines](#)
      - [body](#) is real either natural or artificial , like robots and creatures.
    - [Neurology](#) is to [Computer hardware](#)
      - [brain](#) and computer has information , [brain](#) is connected to [body](#) as robot to its neural scheme
      - direct mental realism vs computer scanning
    - Both need energy
      - [force](#) and energy cause the movement and flow , like natural energy inside [body](#) to [electricity](#) in robots.
    - [biocommunication](#) , Genetic [language](#) or genes and machine [language](#) are considered to [be](#) the source of natural and artificial languages and innate knowledge.
  - [Theory of chaos](#)
    - shapeless , amorphous substance , absurd structure , rubbish.
    - exists in all realms whether spiritual , materialistic or paper.
    - Accident and unnecessary is the driving [force](#).
  - [Analogical theories](#)
  - [Theory of coexistence](#)
    - [material and immaterial loop](#)
  - [Unsolved theories](#)
- [scientific terminology](#)
